The Dominate or late Roman Empire is the name sometimes given to the "despotic" later phase of imperial government, following the earlier period known as the "Principate", in the ancient Roman Empire. This phase is more often called the Tetrarchy at least until 313 when the empire was reunited.. It may begin with the commencement of the reign of Diocletian in AD 284, following the Third Century ...

Dominance hierarchy is a type of social hierarchy that arises when members of a social group interact, to create a ranking system. In social living groups, members are likely to compete for access to limited resources and mating opportunities. Rather than fighting each time they meet, relative rank is established between members of the same sex.
