This free book tells you how to create web sites and applications with HTML, CSS, Javascript, PHP and MySQL, from scratch. - free book at FreeComputerBooks.com - download here

The Web Book: The ultimate beginner's guide to HTML, CSS

A lecture (from the French lecture, meaning reading) is an oral presentation intended to present information or teach people about a particular subject, for example by a university or college teacher. Lectures are used to convey critical information, history, background, theories, and equations. A politician's speech, a minister's sermon, or even a businessman's sales presentation may be ...

Understanding Basic Calculus - Nagoya University

Note-taking (sometimes written as notetaking or note taking) is the practice of recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called ...
