Living in the Material World is the fourth studio album by English musician George Harrison, released in 1973 on Apple Records. As the follow-up to 1970's critically acclaimed All Things Must Pass and his pioneering charity project, the Concert for Bangladesh, it was among the most highly anticipated releases of that year. The album was certified gold by the Recording Industry Association of ...

Life is a characteristic that distinguishes physical entities that have biological processes, such as signaling and self-sustaining processes, from those that do not, either because such functions have ceased (they have died), or because they never had such functions and are classified as inanimate. Various forms of life exist, such as plants, animals, fungi, protists, archaea, and bacteria.

The issue I have with this article is it is making food intake all about weight which it isn't. Your body is not going to get the same nutrients it gets from healthy food as it will from pizza and ice cream and stuff like that as long as you stick to a certain amount of carbs calories fats or whatever.
