Diversity Standards: Cultural Competency for Academic

The "business case for diversity" stems from the progression of the models of diversity within the workplace
since the 1960s. The original model for diversity was situated around affirmative action drawing strength from
the law and a need to comply with equal opportunity employment objectives. This compliance-based model
gave rise to the idea that tokenism was the reason an individual was hired ...

The term multiculturalism has a range of meanings within the contexts of sociology, of political philosophy,
and of colloquial use. In sociology and in everyday usage, it is a synonym for "ethnic pluralism", with the two
terms often used interchangeably, for example, a cultural pluralism in which various ethnic groups collaborate
and enter into a dialogue with one another without having to ...

When you think about diversity, what springs to mind? The first things that people usually think of are factors such as age, gender, race, cultural background, etc., but there is far more to creating a diverse workplace than hiring people who fit into different age brackets or creating the perfect male to female ratio.
