A death mask is a likeness (typically in wax or plaster cast) of a person's face following death, often made by taking a cast or impression directly from the corpse. Death masks may be mementos of the dead, or be used for creation of portraits. Such casts obviate idealised representations by revealing the actual features.

Death mask - Wikipedia

A mask is an object normally worn on the face, typically for protection, disguise, performance, or entertainment. Masks have been used since antiquity for both ceremonial and practical purposes. They are usually worn on the face, although they may also be positioned for effect elsewhere on the wearer's body.
