According to the Free software movement's leader, Richard Stallman, the main difference is that by choosing one term over the other (i.e. either "open source" or "free software") one lets others know about what one's goals are: "Open source is a development methodology; free software is a social movement." Nevertheless, there is significant overlap between open source software and free software.

In April of 1997 Ask Jeeves was launched as a natural language search engine. Ask Jeeves used human editors to try to match search queries. Ask was powered by DirectHit for a while, which aimed to rank results based on their popularity, but that technology proved to easy to spam as the core algorithm component.
